A monthly journal of cardiology
published in association with
the British Cardiac Society

British Heart Journal

Disposition of the sinus node in left-sided
juxtaposition of the atrial appendages
S. Yen Ho, J. L. Monro and R. H. Anderson

Surgical treatment of ventricular septal
defect in infancy. Primary repair versus
banding of pulmonary artery and later repair
*K. McNicholas, M. de Leval, J. Stark, J. F. N.
Taylor, and F. J. Macartney*

Echocardiographic and exercise evaluation of
results of mitral valvotomy operations *M. F.
Shiu, A. Crowther, B. S. Jenkins, and M. M.
Webb-Peploe*

Assessment of left-to-right shunt and left
ventricular function in isolated ventricular
septal defect. Echocardiographic study
M. Ahmad and K. A. Halidie-Smith

Fixed subaortic stenosis. Value of echo-
cardiography for diagnosis and differentiation
between various types *F. J. Ten Cate, W. G.
Van Dorp, P. G. Hugenholtz, and J. Roelandt*

Management of unstable angina at rest by
verapamil. A double-blind cross-over study in
coronary care unit *O. Parodi, A. Maseri, and
I. Simonetti*

Effects of tocainide on left ventricular
performance at rest and during acute alterations
in heart rate and systemic arterial
pressure. An echocardiographic study *W. F.
Ryan and J. S. Karliner*

Observations on haemodynamic effects of
mexiletine *N. P. S. Campbell, S. A. Zaidi,
A. A. J. Adgey, G. C. Patterson, and J. F.
Pantridge*

Haemodynamic effects of sodium nitro-
prusside in 21 subjects with congestive heart
failure *S. A. Lukes, C. A. Romero, Jr., and
L. Resnekov*

Haemodynamic adaptation at rest and during
exercise to long-term antihypertensive treat-
ment with combined alpha- and beta-
adrenoreceptor blockade by labetalol *G. Koch*

- 129 Non-invasive assessment of left ventricular
response to Valsalva manoeuvre in normal and
diabetic subjects using praecordial acceler-
ocardiography *L. Hume, D. J. Ewing, I. W.
Campbell, S. R. Reuben, and B. F. Clarke* 199
- 133 Pre- and postoperative left ventricular
contractile function in patients with aortic
valve disease *H. P. Krayenbuehl, M. Turina,
O. M. Hess, M. Rothlin, and A. Senning* 204
- 139 Electrocardiographic changes resembling myo-
cardial ischaemia in asymptomatic men with
normal coronary arteriograms *P. Taggart,
M. Carruthers, S. Joseph, H. B. Kelly, J.
Marcomichelakis, D. Noble, G. O'Neill, and
W. Somerville* 214
- 147 Early clinical experience with the Hancock
porcine xenograft valve prosthesis *C. T. M.
Sang, J. Wallwork, H. C. Miller, A. H. Kitchin,
K. G. Davidson, and P. K. Caves* 226
- 159 Left ventricular ejection power in coronary
artery disease during atrial pacing *K.
Hagemann, J. Meyer, R. v. Essen, Winifried
Krebs, and S. Effert* 231
- 167 Unusual angiographic appearances of the left
ventricle in 2 cases of Pompe's disease
(glycogenosis type II) *D. F. Dickinson,
W. T. Housby, and J. L. Wilkinson* 238
- Case reports
- 175 Double outlet right ventricle with subvalvular
aortic stenosis *B. D. Thanopoulos, Ira W.
Dubrow, Elizabeth A. Fisher, and A. R.
Hastreiter* 241
- 182 Effects of propranolol in a case of orthostatic
hypotension *G. Brevetti, M. Chiariello, G.
Lavecchia, and F. Rengo* 245
- 187 Corrected transposition of great vessels and
Ebstein's anomaly of tricuspid valve.
Echocardiographic findings *J. G. Henry,
S. Gordon, and G. C. Timmis* 249
